Peer Support System in schools

- MLL coordinates the Peer Support System, which operates in ~ 90% of Finnish secondary schools.
 - 14 000 peer students every year
 - 750 instructors in schools, mainly teachers
- Core idea is participating young people in anti-bullying
- Started in Finland in 1972 by MLL
- www.mll.fi > in English > Peer support

Peer students as trainers

- Peer students give internet safety lessons in primary schools
- Training material for peer students on internet safety: activities, videos, discussion...

Designing awareness tools with young people

Youth Panel

- Meetings, discussion
- Reviewing material
- Production of online media
- MLL YouthNet -website
- Chats on SNS websites
